

ARBORICULTURAL REPORT

Summary Report for Salford City Council by Nick Arnold

Reference

PA/2025/1767

Location

Ellesmere Park High School, Wentworth Road, Eccles, Manchester, M30 9BP

Officer

Nancy Thynne

Date

29/01/2026

STATUTORY TREE CONTROLS

No TPO/Conservation area constraints as pertain to the proposed development area.

DESCRIPTION OF PROPOSAL

Construction of new footpath and ramped access to school extension. Creation of vehicular turning head, 2x blue badge parking spaces and new landscaping.

DISCUSSION

An Arboricultural Impact Assessment - AIA (Lally Tree Management, 2621_AIA.01 – December 2025) has been submitted to support the above referenced application. The assessment identifies three (3) tree entities (individual trees and groups) which are not expected to be impacted by the proposed works.

In addition to the AIA, an Arboricultural Method Statement (AMS) – LTM_2621.AMS.01 – December 2025 has also been provided.

CONCLUSION

The application is supported where the below planning conditions can be met.

PLANNING CONDITIONS

- Site trees potentially impacted by the above referenced proposal are to be retained and protected as per specifications provided in the supplied AMS 2621_AMS.01 December 2025 - Ellesmere Park High School.
